## **ROCK STEP, ¼ RIGHT TURNING SAILOR STEP, KICK BALL STEP, SKATES**

- 1-2 Rock forward on right, recover weight on left
- 3&4 Step right behind left and turn 1/8 to right, step left next to right and turn another 1/8 to right, step right diagonal (now facing 3:00)
- 5&6 Kick left foot forward, step left next to right, step right forward
- 7-8 Skate forward left, skate forward right

## **ROCK STEP, COASTER STEP, ¼ PIVOTS**

- 1-2 Rock forward on left, recover weight on right
- 3&4 Step left back, step right together, step left foot forward
- 5-6 Step right forward, turn ¼ to left (now facing 12:00)
- 7-8 Step right forward, turn ¼ to left (weight ends up on left) (now facing 9:00)

## **REPEAT**

**Optional restart:** If you want the dance to fit music all the way to the end, you need to include a restart. However, the dance works well also without the restart. On the wall 10 (when facing 9 o'clock), dance only the first 12 counts. Make sure that on count 12 you have transferred weight to left, since the first step of the dance is right step forward!
